

LIMITED WARRANTY

ASCII Entertainment Software, Inc. warrants to the original consumer purchaser that the ASCIIWARE Super Advantage and all component parts shall be free from defects in material and workmanship for a period of 90 days from the date of purchase. If a defect covered by this warranty occurs during this 90-day warranty period, ASCII Entertainment Software, Inc. will repair or replace the defective system or component part, at its option, free of charge.

This warranty does not apply if the defects have been caused by negligence, accident, unreasonable use, modification, tampering, or any other causes not related to defective materials or workmanship. Additionally, this warranty shall not be valid if the serial number of the unit has been altered, defaced, or removed in any way.

To receive fast, reliable warranty service, call the ASCII Entertainment Software, Inc. Consumer Service Department at the following number: 1-415-570-7005.

Our consumer service department is in operation from 9:00 a.m. to 5:00 p.m. (Pacific Time), Monday through Friday. DO NOT RETURN YOUR ASCIIWARE SUPER ADVANTAGE TO YOUR RETAIL SELLER. Return system to ASCII Entertainment Software, Inc. Consumer Service. Please call first for further information.

If the ASCII Entertainment Software, Inc. technician is unable to solve the problem by phone, we will provide you with instructions on returning your defective system to us. The cost of returning the unit to ASCII Entertainment Software Service Center shall be paid by the purchaser.

Repairs After Expiration of Warranty:

If your ASCIIWARE Super Advantage requires repairs after termination of the 90-day warranty period, you may contact the ASCII Entertainment Software Consumer Service Department at the number listed below. If the technician is unable to solve the problem by phone, he/she will advise you of the estimated cost of repair. If you elect to have the repair done, you will need to return the defective merchandise, freight prepaid and insured against loss or damage, to ASCII Entertainment Software Service Center with an enclosed check or money order payable to ASCII Entertainment Software, Inc. for the amount of the cost estimate provided to you by the technician. If, after inspection, it is determined that your unit cannot be repaired, it will be returned to you and your payment will be refunded.

Limitations on Warranty:

Any applicable implied warranties, including warranties of merchantability and fitness for a particular purpose, are hereby limited to ninety days from the date of purchase and are subject to the conditions set forth herein. In no event shall ASCII Entertainment Software, Inc. be liable for consequential or incidental damages resulting from the breach of any expressed or implied warranties.

The provisions of this warranty are valid in the United States only. Some states do not allow limitations on how long an implied warranty lasts or exclusion of consequential or incidental damages, so the above limitations or exclusions may not apply to you. This warranty provides you with specific legal rights. You may have other rights which vary from state to state.

SUPER ADVANTAGE INSTRUCTIONS

Before attempting to play with the Super Advantage, make certain that the control cable is properly secured to your Super Nintendo Entertainment System. If you have any questions about installation, refer to the instruction manual included with your Super NES Control Deck under the section entitled, "Connecting the Controller".

Each game may have different functions for the various buttons and control stick. Some games may have no pause function or may have a different function for both the *start* and *select* buttons. Consult the instruction booklet for the Game Pak you are using. Also note that not all games utilize the advanced features of *Turbo Speed*, *Auto Turbo*, and *Variable Speed Slow Motion* that have been engineered into the Super Advantage.

1 The Super Advantage features an accurate, 8-way directional, oversized ball and stick that provides superior control with an arcade action feel. Control functions vary with each game. Consult your game instruction manual for specific information.

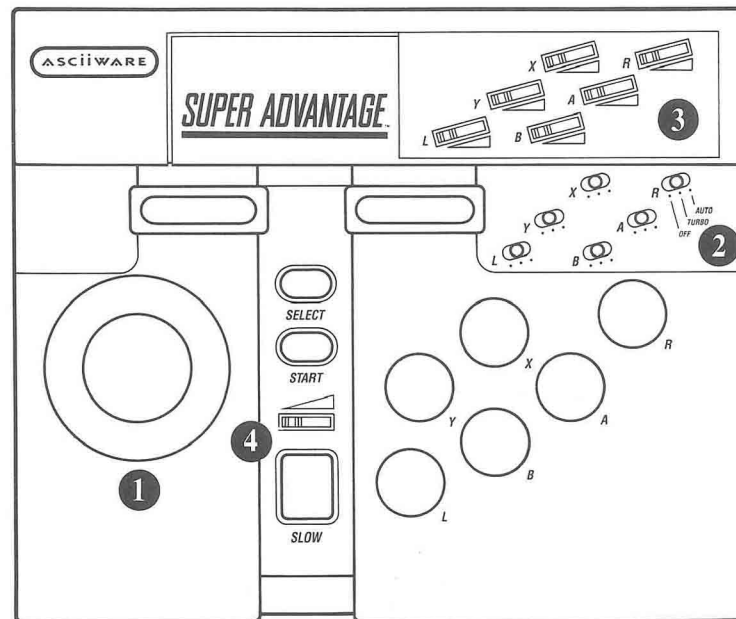

2 Turbo Speed can be activated for each button (A, B, X, Y, Left and Right) by moving the appropriate switch to *Turbo* or *Auto*.

With *Turbo* speed activated, a player can release up to 30 shots per second each time its corresponding button is pressed.

Auto allows players to fire at turbo speed without ever pressing a button. Automatic firing may be momentarily paused during game play when the corresponding button is pressed. To resume normal game action, adjust the switch to the "off" position.

- 3 Adjustable Turbo Speed** allows the player to increase the number of shots fired with each button pressed by sliding the appropriate switch to the right. (Note: In order to adjust the speed, the *Turbo* or *Auto* switch must be activated for that particular button). The maximum rate obtainable is 30 shots per second.
- 4 Variable Speed Slow Motion.** To slow down the action, depress the slow motion button. Then slide the adjuster switch to the *right* until the desired slow motion rate is reached. (Note: All the way to *left*, the action is slowest). To resume normal game action, depress the slow motion button again.

NOTE: Do not unplug the Super Advantage from the Control Deck during game play or while the power is on, as this may cause game malfunction.
