

# Super NES Super Multitap Manual

**T**hank you for purchasing the Super NES **Super Multitap™** accessory. The **Super Multitap™** will enable you and up to four of your friends to play multi-player Super NES game simultaneously.

To use the **Super Multitap™** accessory, you need:

1. The Super Nintendo Entertainment System® Control Deck®.
2. Any Super NES Multi-player Game Pak bearing the Official Nintendo Seal of Quality and the Super NES Multi-Player Adapter symbol.
3. Extra Super NES controller pads or control sticks. Depending on the game, up to five controllers can be used with the Super Multitap™.

*NOTE: The Super Multitap™ will not work with the NES™ Control Deck or the Super NES Mouse Pad.*

Look for this symbol on other Super NES Game Paks designed for use with the Super Multitap™ accessory.

**WARNING: PLEASE READ THE PRECAUTIONS & MAINTENANCE INFORMATION BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY.**

## Getting Started

See the diagram below for the correct setup of the Super Multitap with your Super NES and extra controllers. Remember, the Super Multitap should always be plugged in to port #2 of your Super NES. It will not work if it is plugged into port #1.

The switch on the front of the **Super Multitap™** adapter must be in the 2P position for 1 or 2-player games. Slide the switch to the 3-5P position to use with 3 or more players. The maximum number of players that can play any game is dependent on the programming of the game itself. Instructions on how to play any compatible game using the Super Multitap™ are in the manuals that come with the games.

*NOTE: In some instances, the **Super Multitap™** adapter will not be compatible with all Super NES controllers and joysticks, depending on the programming of the game.*

## Precautions & Maintenance for your Super Multitap

Follow these suggestions to keep your Super Multitap™ in perfect operating condition.

1. DO NOT subject your Super Multitap™ to extreme temperatures, either hot or cold. Always store it at room temperature.
2. DO NOT touch the terminal connectors on your Super Multitap™ or get them wet.
3. DO NOT put your Super Multitap™ in a humid place, on the floor or in any place where it may collect dirt, dust, lint, etc.
4. DO NOT disassemble or try to repair your Super Multitap™ yourself. This may void your warranty.
5. When disconnecting your Super Multitap from the Control Deck, first turn the Control Deck off, then carefully pull the plug by holding the plug itself rather than the cord. Do not tread on, quickly pull or bend any wires or cables.
6. DO NOT let your Super Multitap™ come in contact with thinners, solvents, benzene, alcohol, or any other strong cleaning agents that can damage it. DO NOT spill liquids on your Super Multitap™. Clean with a soft, slightly damp cloth. Permit your Super Multitap™ to dry completely before using it again. (When cleaning, use water only.)
